One happy

Grandma

Kidwise Jump'n Dodgeball

Bounce House

This is turned out to be the best gift I have ever given to my grandchildren! They absolutely love it they are 7, 5, 3, and 1 years old and all of them enjoy it constantly. We've set it up inside for the winter, but intend to move it outside for the summer.

It's been a nice

break for the kids and the parents! My only wish is that the entryways were sloped downward. We've already had a few minor accidents with the little ones. But regardless, I would buy it again and recommend it to anyone looking for a way to keep the kids active.

Best Christmas gift ever!!
Kidwise Double Shot Bouncer Bounce House

My girls are loving their “jumpy house!” It’s the first thing they want to do everyone morning. The set up is easy and it seems to be of good quality. Only issue is FedEx delayed delivery a week and beat the box up but the product wasn’t damaged.

Best Birthday gift Ever!!!
Kidwise Outdoors Clubhouse Climber Bounce House

It arrived very expeditiously. Very easy to blow up and down. They put it away every night in its bag. The quality is very sturdy and well constructed. Seams are very strong. Our two year old grandson loves it so much, and his parents do too. He’s worn out by bedtime 🍌🍌🍌

Best Gift

Kidwise Castle Bounce and Slide Bounce House

We finally got the chance to put up the bounce house. This weekend we had family down from out of town and the kids loved it. They had a blast and we enjoyed watching them have fun. It is good for all age ranges my daughter is 2 her cousin is 3 and my nephew is 9 and they all enjoyed it together. Keep them busy and have us time to chill without hearing our names being called every 5 mins lol. This is the most amazing thing and it isn't to big or to small it's perfect

Great for the kids! And speedy delivery!

KidWise Obstacle Speed Racer Bounce House

My 3 and 6 year absolutely love this bounce house. They outgrew a smaller bounce house, so we got this one to keep them active and entertained during COVID times. They would play in it everyday if they could. It is not the easiest to fold away, but it is worth it as the kids enjoy it so much. Thank you for the speedy and issue-free delivery!

Nice Consolation Prize!

Kidwise Arc Arena II Sport Bounce House

Was looking for a water slide, and with Covid they are almost impossible to find! Took a chance on this, and I must say I have been pleasantly surprised. My son and his friends play on it for hours as it features goals for soccer and "hoop" for basketball. Really happy with the purchase and fast delivery! Will buy again :)

Great for Little Kids

KidWise My Little Princess Bounce House

Really fun time for the kids. It's a good "miniature" bouncer with plenty of room for 2-3 young kids without the cost of the larger ones. It's somewhat firm so the kids have to work a little more to get a good bounce but maybe that helps tire them out too. Inflates and deflates in seconds. If you really work at it, you can squeeze enough of the air out to get it into the storage bag. It has just over a 7 foot by 7 foot footprint.
